

I am writing in response to your proposal on expanding LPFM. I am a dedicated listener of L-LOVE, and I think replacing the K-LOVE signal by an LPFM would be a travesty. Under the current worldly conditions K-LOVE provides a message of hope, truth, and light, commercial free. An LPFM would be a detriment to the millions of listeners nation wide as well as to those at K-LOVE who dedicate themselves to the cause of Jesus Christ, and the evidence of hope to those believers and unbelievers. Thank you for your time and consideration.

Scott Miller
